OPEN FOR APPLICATION

MINERVA FOUNDATION'S

RALPH GRÄSBECK GRANT FOR RESEARCH IN LABORATORY MEDICINE

The Ralph Gräsbeck grant is awarded every other year for a scientist who has defended his/her doctoral thesis during the past seven years in the field of laboratory medicine and continued innovative and high-quality research in the same field. The amount of the grant is 10.000 euros.

The application should include the applicant's CV, publication list and a research plan (max five pages). The deadline for the applications is 4.5.2020. The applications are sent electronically to Professor Vesa Olkkonen, vesa.olkkonen@helsinki.fi.
